Indo-Global Education Expo & Summit 2014

Programme Details

There are several panel discussions in addition to study abroad and study in India sessions. There are also several one-on-one meeting sessions between representatives of foreign universities and those of Indian institutions.

ACADEMIC COLLABORATION SESSIONS

During the Summit, representatives of foreign universities and Indian institutions will participate in various panel discussions on academic collaborations as appended below. The size of each panel would be around 4 to 6 participants. Participants in each panel start with a very brief introduction of themselves and their institutions or organizations. They would discuss about innovations and new developments in their fields and indicate the collaborative opportunities that could be explored. Each panelist will have about 10 minutes to make a presentation. This will be followed by open house discussion in which the audience will participate.

- **Research Collaborations**
- **Joint/Dual Degree Programs, Twinning & Transfer Programs**
- **Faculty & Student Exchange Programs**
- **Study Abroad in India Programs**
- **Distance Education Programs / Vocational Education Programs**
- **Other Collaborative Partnerships**

Panelists may cover one or more of the above features of collaborations in their individual presentations in the following functional areas:

- **Engineering & Applied Sciences**
- **Business & Management**
- **Clinical & Health Sciences**
- **Life Sciences & Biomedicine**
- **Information Technology**
- **Arts, Humanities, & Social Sciences**

Academic collaboration sessions will be attended by foreign participants, Indian participants, and interested Indian students.

STUDY ABROAD SESSIONS

Study Abroad sessions will have presentations by representatives of foreign universities. Students and parents will attend. There will be around 4 to 6 presentations in each session. There will be questions and answers at the end of the sessions.

STUDY IN INDIA SESSIONS

During Study in India Sessions, presentations by exhibitors, sponsors, and other representatives of Indian institutions will be made.. Students and parents will attend.

ONE-ON-ONE MEETINGS FOR ACADEMIC COLLABORATIONS

During the Summit, one-on-one meetings between representatives of foreign universities and those of Indian institutions will take place for forging academic collaborations. Each representative of foreign university will be given a table for interacting with Indian participants and other foreign participants of the Summit. Students may also participate.

EDUCATION EXPO 2014

The Expo would be held from November 21 to 23, 2014. It will provide a showcase of technology and training solutions, put the spotlight on educational institutions of excellence, and highlight best practices in teaching, learning and training. The Expo will be visited by students, parents, faculty, educationists, and others interested in higher education. Entry is free.
