

PARTNERSHIP PROGRAMS

Academic partnership programs are established for the purpose of developing cooperative efforts to improve the academic quality of Indian higher secondary schools and junior colleges with the objective of improving the preparation of students for entry into foreign universities. Academic partnerships are aimed at:

- Transforming the relationships between educational institutions to directly benefit students;
- Improving curriculum in subject areas required for admission to foreign universities;
- Strengthening teachers' capacities to enable all students to learn the curriculum;
- Enhancing the ability of students to benefit from these changes; and
- Improving foreign universities understanding of Indian students' unique needs.

The Foundation will arrange partnerships between English-medium Indian institutions and the foreign universities, so that Indian students who complete 12th standard may be admitted as freshmen in undergraduate programs of the foreign universities. Partnership programs with foreign universities are important mechanisms that enhance access of Indian students to graduate programs of the foreign universities. These programs support educational mobility and facilitate seamless acceptance of academic credit of Indian students. These programs enable Indian students to transition smoothly to foreign educational systems and help in students' course selection, eliminate curriculum redundancies, and streamline the application review process. Indian students will not have to go through the cumbersome process of credential evaluation by foreign agencies.

Partnership programs provide a measure of certainty to students in Indian institutions that they will be accepted in good foreign universities. Students will be spared the stress of having to prepare for the highly competitive entrance examinations in India for institutes of technology, medical colleges, etc., with the knowledge that their admission in foreign universities is assured. Further, students will have the option to change their field of study when they enter foreign universities. This option for changing the field of study is not available in India. TOEFL / IELTS and SAT will be required for admission to the foreign universities. Through partnership programs, the foreign universities will be able to establish long-term visibility and presence in India apart from attracting a continuing stream of Indian student.

Given below are the details of foreign Universities which are interested in offering Partnership Programs in Collaboration with well-established Indian institutions. The text used is that of the concerned Universities.

6 October University, Egypt

All programs mentioned above.

Academy 3, Australia

At present we are in talks with University of Tasmania to offer MBA with specialization in Project Management.

ACCA (Association of Chartered Certified Accountants), UK

ACCA Professional Qualification.

Alabama State University, USA

Yes, Forensic Chemistry, Forensic Science, Business Administration, Biology, Health Information Management, Criminal Justice and Social Work, Physical Therapy, Education.

Al-Iraqia University, Iraq

Yes.

American Institute of Medical Sciences & Education, USA

For Allied Health & Paramedical Science.

American University in the Emirates, UAE

College of Business Administration, College of Media and Mass Communication, College of Computer Information Technology, College of Fine Arts and Design, College of Law, College of Education

Anton De Kom University of Suriname, Suriname

Yes

Aristotle University of Thessaloniki, Greece

Absolutely yes, with reputed Indian Institutions, such as the Indian Institute of Technology of Bombay.

Arkansas Tech University, USA

Undergraduate: Hospitality Administration, Business Management, Emergency Management, Engineering: Electrical & Mechanical, Health Information Management

Association of Vermont Independent Colleges (AVIC), USA

Yes. All academic areas.

Aston University, UK

Yes we are interested in establishing partnerships with reputable Indian Institutions so that students who complete their diploma programmes can progress into our undergraduate programmes and students who complete their undergraduate programmes can progress into our postgraduate programmes. The programmes that we are interested in are UG Biological Sciences, Biomedical Science, Optometry,

Pharmacy and Psychology and PG MSc programmes in Drug Design, Drug Delivery, Pharmaceutical Science, Pharmacology, Molecular Toxicology, Biomedical Sciences and Biotechnology.

Bangkok University, Thailand

Yes, undergraduate programs in Hotel and Tourism Management, Communication Arts, Computer Graphic and Multimedia, Business English, Marketing and Entrepreneurship.

Bangor University, UK

Yes, all areas as mentioned previously.

Bayero University, Nigeria

Partnership at graduate level in the following programs: Education, Social and Management Sciences and Information Technology

Yes. In any of the programmes we are running

Bilkent University, Turkey

Yes. Physics graduate / undergraduate.

Bowling Green State University, USA

Yes, we would be interested in 3 + 1 + 1 or 4 + 1 programs. We offer 4 different masters programs that could be linked to such an arrangement.

British Columbia Institute of Technology, Canada

Open for discussion to the breadth of programs

California State University San Marcos, USA

Computer Science, MBA, Biotechnology, Education, Mathematics, Sociological Practices

Carleton University, Canada

Yes, very much. Undergraduate Science, Engineering, Graduate Science, Engineering, Business, Public Policy, International Affairs, Law, Health Policy, Environmental Engineering and Policy.

CESESB, Brazil

Our institution has to offer graduations in our courses that are Law, Administration and Nursing

Chalmers University of Technology, Sweden

Chalmers Master's Programmes (taught entirely in English):

<http://www.chalmers.se/en/education/programmes/masters-info/Pages/default.aspx>

Champlain College, USA

Yes we are very interested in developing these relationships in all undergraduate disciplines and possibly some graduate programs. I would be particularly interested in meeting potential partners interested in offering a Vermont high school curriculum within their Indian High School that would lead to a recognized US high school diploma and entrance into top US colleges and universities.

Cherkasy State Technological University, Ukraine

Yes, we are. There is no Indian institution among our international partners. So it will be an honour to establish academic partnerships with reputed Indian institutions.

Clarkson University, USA

This is a possibility we may wish to explore but no detailed plans in this area at this time.

Clayton State University, USA

Yes, Business, Biology, Math, Psychology, and Education.

Coleman University, USA

Yes. Undergraduate – Computer Networks, Application Development, Gaming Design & Development.
Graduate – Information Systems Management, MBA, Healthcare Management

College of Mount Saint Vincent, USA

Our College is interested in establishing academic partnerships with programs (undergrad) in India so that students from India could be admitted directly into our graduate programs.

Colorado Heights University, USA

B.Tech, B.E., B.Arch, LLB, B.Ed.

Colorado State University-Global Campus, USA

Accounting, Business Management, International Management Healthcare Management, Information Technology, Criminal Justice, & Organizational Leadership

Comrat State University, Moldova

Comrat State University can offer Indian graduate students who have diploma of Master to get PhDs in different areas: Economics and Turks languages.

Concord University, USA

Yes, Social Sciences, Humanities, Science, Education, Business, Technology, and Fine Arts.

CQ University, Australia

Bachelor of Business, MBA, Bachelor of Tourism

Bachelor of Engineering (Civil), Bachelor of Engineering (Mechanical), Bachelor of Engineering (Electrical)

Cultural Vistas, USA

Our programs are based on partnership with a variety of International Universities.

Curtin University, Australia

Business Majors

Bachelors, Masters, & PhD programs in Accounting & related programs.

D'Youville College, USA

D'Youville is very interested in a partnership using the 3+2 model which we have developed with Indian colleges and Universities.

Students completing their B.Com or B.B.A entering their 4th year of D'Youville's 5 year bachelor's / Master's International Business Major. Students entering this program pay undergraduate tuition at the Master's level and are eligible for scholarships.

Other programs of interest are PG / Ms Dietetics or Accounting / I.B

Business

Healthcare

Education

Math + Natural Science

Informational Technology

Digipen Institute of Technology, Singapore

Can be discussed

Eastern University, USA

Bachelor's Degrees – All Majors, Master's Degrees : Organizational Leadership, Economic Development, Multicultural Education (ESL / TESOL).

Eastern Washington University, USA

Economic & Social Sciences, Engineering & Physical Sciences, Science & Technology

Edith Cowan University, Australia

Business, Engineering and IT, Health and Nursing, Communication at undergraduate and postgraduate levels.

Emporia State University, USA

MBA; Computer Science (undergraduate); data security (computer science).

ESIGELEC College of Engineering, France

We are interested in this prospect at a Graduate level but since only one representative is going to participate in the event, we would appreciate the opportunity to meet with potential partners though our prime focus will be student recruitment.

Evolve Capital, UAE

Yes, but once again this is a preliminary due diligence trip for me and I am unable to mention any by name as I do not know the landscape.

FATEB - College of Telêmaco Borba, Brazil

We are interested in partnership programs in all areas of our institution, providing basic education until graduate school. Beyond the specific areas of engineering, administration, pedagogy, Law, Literature, Accounting, Nursing, Occupational Safety, Information Technology, Aesthetics and the Environment.

Fayetteville State University, USA

Fayetteville State University is interested in partnerships that lead to enrollment in MBA, Geospatial sciences, Computer Science and Arts.

Florida Agriculture and Mechanical University, USA

Ph.D. in Educational Leadership.

Florida Atlantic University, USA

Yes, we are interested in developing academic partnerships with Indian institutions in the area of Ocean Engineering and Naval Architecture.

Full Sail University, USA

Computer Animation, Creative Writing, Digital Art & Design, Entertainment Business, Film, Game Art, Game Development, Music Business, Recording Arts, Show Production, Sports Marketing & Media, Web Design & Development, Recording Engineering, Internet Marketing

Governors State University, USA

Yes: Analytical Chemistry (grad), Computer Science (undergrad & grad), Independent Film and Digital Imaging (grad), Mathematics (grad); Information Technology (undergrad)

Civil, Electrical and Mechanical Engineering programs, Electronics Engineering Technology, program, Computer Science program, Chemistry, Biology, Physics, all Business majors, etc.

Harisson College, USA

Yes – all programs of study

Idaho State University, USA

Yes. College of Business and Science and Engineering, Arts and Letters undergraduate and graduate degrees

Indiana University-Purdue University, Indianapolis, USA

We are interested in exploring and taking a look at partnerships programs.

Institute of Development and Technology Management, Ghana

Graduate programmes in : Community Development, Technology Management.

Institute of Management Technology, UAE

Bachelor of Science & Business Administration and Masters in Business Administration

Inter-American Organization for Higher Education, Canada

The IOHE wishes to establish academic partnerships between reputable Indian institutions and their peers in Latin America. The IOHE represents 325 higher education institutions.

International University of Business, Agriculture & Technology, Bangladesh

Yes, all the major area we offer.

John Carroll University, USA

Very interested in accepting Indian freshmen in the Liberal Arts, Science and Business.

Kansas City Art Institute, USA

We are interested in establishing partnerships (exchange partnerships in particular) with Indian undergraduate institutions in the areas of liberal, fine, and applied arts. We would like to individualize these partnerships with each institution based on their curriculum and how their curriculum coincides with ours.

Keele University, UK

M.Sc Biomedical Engineering, Cell and Tissue Engineering, and Master in Medical Science (MMedSci)

Kent State University, USA

Yes. Undergraduate and Graduate.

King Mongkut's University of Technology Thonburi, Thailand

Computer engineering department has an existing international program and is ready to form a partnership program.

Klaipeda Business School, Lithuania

Business Management, International Business, and Tourism.

Kwantlen Polytechnic University, Canada

Business, Marketing, Accounting, HR.

Lahti University of Applied Sciences, Finland

Undergraduate programs in engineering and business sciences may be possible.

Liverpool John Moores University, UK

Yes.

Longwood University, USA

We would be open to any student particularly on Science and Math Undergraduate programs.

Louisiana State University, USA

MBA; MS- Finance; MS-Accounting; MS-Business Analytics

Macquarie University, Australia

Engineering, Mathematics, IT.

Mc Master University, Canada

TBD

McNally Smith College of Music, USA

We are interested in establishing partnership programs in which students completing certificate or Associate Degree level programs may be admitted into our Bachelors Degree level programs in the above mentioned contemporary music disciplines. We may also be interested in partnership programs that admit students with a Bachelor's Degree in music into our Masters in Music Performance Program.

Mehmet Akif Ersoy University, Turkey

Teacher Education, Veterinary Medicine, Business and Economy, Arts and Science, Fine Arts, Nursing

Missouri University of Science & Technology, USA

Are you interested in establishing academic partnerships with reputable Indian institutions so that students who complete their programs in India may be admitted to your programs directly. If so, please mention the specific undergraduate and graduate programs for partnerships.

Yes. 2+2 BS program

Or 2+3 Integrated BS+MS programs

Or 4+1 BS (India) + MS (US) programs

Monash University, Australia

We are interested in these programs for the full range of Post Graduate programs that Monash offers.

Montana State University Billings, USA

Montana State University Billings is interested in working collaboratively with other international Colleges and Universities to develop joint degree and degree completion pathway programs with education

institutions including 2+1 and 2+2 and 3+1 Bachelors degree completion pathways. We have a number of degree programs listed on our website at:<http://www.msubillings.edu/future/degrees.asp>

Montana State University Billings would be interested in exploring the possibilities of developing partnership programs with its graduate programs in Health Administration, Public Administration, and Psychology.

Mount Saint Vincent University, Canada

Yes, range of possible program areas are given below

Range of program interests:

Faculty of Arts and Science	Faculty of Professional Studies	Faculty of Education
Biology	Applied Human Nutrition Business	Elementary Secondary
Canadian Studies	Administration Child and Youth Study	Master of Education
Chemistry	Family Studies & Gerontology	Curriculum Studies Educational
Cultural Studies	Information Technology Public	Foundations Educational
Economics	Relations	Psychology Elementary and
English	Science Communication	Middle School Education
Family Studies	Tourism & Hospitality	Literacy Education
French	Graduate Programs	Master of Arts in School
Gerontology	Master of Science Applied Human	Psychology
History	Nutrition	Research Master of Arts Studies in
Mathematics	Master of Arts in Child and Youth Study	Lifelong Learning
Religious Studies	Master of Arts in Education Master of	
Political Studies	Arts in Family Studies and Gerontology	PhD in Educational Studies
Psychology	Master of Arts in Public Relations	
Public Policy Studies	Master of Public Relations Master of	
Sociology/Anthropology	Arts in Women & Gender Studies	
Women's Studies		

National Aviation University, Ukraine

We are interested in the partnership collaborations in the field of scientific and technological progress and to enhance efficiency of educational, educational-methodical and research work at the universities. This cooperation will be based on mutual assistance of both universities in the sphere of science and education.

National Open and Distance University (UNAD), Colombia

Professionals: Agriculture Business Administration 1 2 3 4 Social Communication Philosophy 5 6 7 Agro forestry Engineering Environment Food from 2010 Aug. 9 Systems Engineering, Telecommunication Engineering, Electrical Engineering, October 11 12 Bachelor Degree in Industrial Engineering in 13

New Mexico State University, USA

Yes, particularly in Engineering, Natural Sciences, Agricultural Sciences and Business.

New York Institute of Technology, USA

Possibly, Graduate Engineering, MBA, MA Communication Arts, MA Architecture.

Ningbo University, China

Marine Culture, Civil engineering, Chinese History, Management, Medical sciences, Life Sciences, & Law.

North Carolina A&T State University, USA

Yes. Engineering, Agriculture, Business, Information Technology, Waste Management, Education

Northern Arizona University, USA

Yes – we can do them in a wide range of areas depending on students' areas of interest

Northern Michigan University, USA

This is a possibility for us. We have a great interest in expanding our graduate programs, and partnerships may be of interest to us.

North-West University, Vaal Triangle Campus, South Africa

Yes.

Northwestern College and Media, USA

Again, yes but the opportunities will have to be evaluated on a case-by-case basis.

Novosibirsk State University, Russia

We are interested in establishing academic partnerships with reputed Indian institutions for offering “double diploma” programs and joint scientific supervision of Master, postgraduate, and doctorate students in the following areas:

Information technologies

Medical sciences

Chemistry

Relevant interdisciplinary projects

Oakland University, USA

MS in ECE, CS, ME, ISE

Open University, Libya

Undergraduate, E learning

Oregon State University, USA

Probably not for the purpose of bypassing the admittance process.

Our Lady of the Lake College, USA

Exploring partnerships for gerontology and healthy ageing.

Pacific Graduate School of Psychology, USA

BS in Psychology and Social Action, BS in Business Psychology

Pantheon Institute, Italy

Architecture Undergraduate programs leading to admission in our Masters Degree Program.

Phetchaburi Rajabhat University, Thailand

Possible.

Pontifical Catholic University of Rio De Janeiro, Brazil

No. In Brazil, it is required that applicants to all levels participate in a selection process. Therefore, such an arrangement would not be feasible.

Queen's University, Canada

We are potentially interested in such an arrangement, to enhance and augment a twinning/transfer program (as described above). Our primary field of interest is Electrical and Computer Engineering.

Roosevelt University, USA

All of our undergraduate programs, for example: Actuarial Science, Biology, Chemistry, Communications, Computer Science, Economics, History, Journalism, Psychology, Sociology, Accounting, Finance, Human Resource Management, Marketing, Hospitality and Tourism Management, Performing Arts (Music and Theatre), etc.

Rush University College of Nursing, USA

Yes. We would be interested in four year college graduates who would like to pursue a master's degree in nursing. We also would be interested in well-educated nurses who would like to pursue a PhD or a Doctor of nursing practice

RWTH Aachen University, Germany

This is part of the exchange program (students and faculties)

Sacred Heart University, USA

Indian students can apply for admission to our undergraduate programs.

Saint Mary's University of Minnesota, USA

YES, MS in Project Management, Master of Business Administration, MA in International Business, MA in Health and Human Services, MA in Information Technology Management, MA in Organizational Leadership, MA in Human Resource Management, MS in Geographic Information Science, and various Bachelor Completion programs

Saint-Petersburg State University of Telecommunications, Russia

Yes. All programs listed in DEGREE AND DIPLOMA PROGRAMS

Saxion University of Applied Sciences, Netherlands

We have Final Year programs that cater specifically for these needs. (please refer to our website WWW.SAXION.EDU for further details).

Shanghai Jiao Tong University, China

Master Degree for Computer Applications, for Example, Digital Media Technology

Southern Illinois University, USA

Computer Science, Computer Engineering, Electrical Engineering, Mechanical Engineering, Industrial Engineering, Civil Engineering, Manufacturing Engineering, both undergraduate and graduate level.

Southern Illinois University-Carbondale, USA

Undergraduate Business programs and possibly other Undergraduate programs as well

Southern University and A&M College, USA

Civil, Electrical and Mechanical Engineering programs, Electronics Engineering Technology, program, Computer Science program, Chemistry, Biology, Physics, all Business majors, etc.

State University of Medicine and Pharmacy, Maldiva

As we have mentioned above we are interested in establishing academic partnerships with reputed Indian institutions so that students who complete their programs in India may be admitted to our programs directly.

Stella Maris Polytechnic, Liberia

Agriculture, Electrical and Electronic Engineering, Information Technology, Civil and Architecture Engineering, Social Work, Management and Environmental Science

Sultan Agung Islamic University, Indonesia

Yes, we offer all programs in my institution for partnership with Indian Institution

Superior University, Pakistan

Business, IT, Aviation, Law, Economics

Tel Aviv University, Israel

Undergraduate and graduate level Engineering Programs

Temple University, Pennsylvania

We already have such collaboration with other universities in the Middle East in which people can take part of their degree programs in their home country and the remainder in the USA. We would like to explore such possibilities. These undergraduate programs could be in Civil, Environmental, Electrical, Computer, Mechanical and Bioengineering.

Tennessee State University, USA

Science, Technology, Agriculture and Engineering programs

The Russian Presidential Academy of National Economy and Public Administration, Russia

Master's Program in International Project and Change Management, MBA and EMBA programs

The University of Findlay, USA

Yes, both programs – College of Business

The University of Montana, USA

Yes. Forestry, Natural Resources Conservation, Pharmacy, Biomedical Sciences, Creative Writing, Environmental Sciences, Education, and Business

Tung Wah College, Hong Kong

YES, would like to evaluate opportunities for our Medical Science graduates articulating into Indian programmes.

Universidad Europea De Madrid, Spain

Yes (Double Degree).

Université Paris-Dauphine, France

Yes

Universiti Sains Islam Malaysia, Malaysia

Undergraduate: Bachelor of Muamalat Administration, Bachelor of Marketing (Financial Services)

Graduate: Master of Muamalat Administration, Master of Arabic Communication, Master of Counselling (Substance Abuse)

University for Peace, Costa Rica

This could be offered for all MA programmes.

University of Alaska Fair Banks, USA

University of Alaska Fairbanks is interested in admitting students completing 12th standard as freshman students in all degree programs offered by the university. For a complete list of degree programs offered by the university, please visit http://www.uaf.edu/catalog/catalog_09-10/majors.html

University of Arkansas, USA

MBA, Master of Information Systems

University of Baltimore, USA

Are you interested in establishing academic partnerships with reputable Indian institutions so that students who complete their programs in India may be admitted to your programs directly. If so, please mention the specific undergraduate and graduate programs for partnerships.

Law of the United States (LLM)

Management and Global Business Leadership (MBA)

Simulation and Game Design (BS, MS, DSC)

University of Bridgeport, USA

All of our Undergraduate Programs.

University of Business and International Studies, Switzerland

Bridge MBA / Dual MBA

University of California, San Diego, USA

Engineering and/or Information Technology partnership program with an IIT school whereby high achieving students complete their undergraduate degree at their home university and apply to a graduate degree program at the partner university. Applicants must meet all admissions criteria of the partner university.

University of Cape Town, South Africa

I'd certainly be interested in exploring the possibilities. I don't think there are undergrad programs that would work, but certainly there are post grad programmes that students can feed into.

University of Central Arkansas, USA

We are interested in discussing undergraduate and graduate partnership programs

University of Ibadan, Nigeria

In Business Studies, Medicine, African Studies

University of Johannesburg, South Africa

The University has and continues to engage in discussions for possible partnerships and collaborations in all Undergraduate and Post Graduate academic areas.

University of Lagos, Nigeria

Yes. Various Programs

University of Muhammadiyah Jakarta (UMJ), Indonesia

1. Islamic Economy/ Banking
2. Islamic Studies
3. International Relations
4. Public Relations
5. Education

University of Oregon, USA

Students from India are welcome to apply to any of our 270 academic undergraduate programs
<http://admissions.uoregon.edu/international/index.html>.

Students can also apply to any of our graduate programs
<http://gradschool.uoregon.edu/?page=programs>.

University of Rochester, USA

The complete list of 75 undergraduate degree programs offered at the University of Rochester can be found online at <http://www.rochester.edu/college/academics/majors.html>. Programs offered include majors in the Liberal Arts and Sciences, Pre-professional Health, Medicine and Business-related programs, and Professional degree programs in Music and Engineering. Indian students may choose any major.

University of St Andrews, UK

Cochin University interested in discussing Masters in Photonics degree and possible exchanges and collaborations with Masters in Photonics at St Andrews and recruitment into PhD programmes.

Interested in discussing Masters in Photonics degree and possible exchanges and collaborations with Masters in Photonics at St Andrews and recruitment into PhD programmes

University of Uyo, Nigeria

Engineering, Pharmacy, Medicine, Sciences, Computer Science

University of Virginia, USA

This may be possible, but as yet undetermined.

University of Wisconsin- La Crosse, USA

We are interested in taking a look at possible partnership programs for any of our majors that we offer at our university.

University of Wyoming, USA

Yes, we welcome the opportunity to discuss such academic partnerships in a number of disciplines

Vytautas Magnus University, Lithuania

College of Business Administration, College of Media and Mass Communication, College of Computer Information Technology, College of Fine Arts and Design, College of Law, College of Education.

Yes. Under graduate: Biology, Energy Technologies, and Informatics.

Graduate: Molecular Biology and Biotechnology, Energy and Environment, Applied Informatics, Business Informatics, Environmental Management.

Wallace State Community College, USA

Associate degree and certificate programs as well as short term skills training / vocational training programs.

Wayne County Community College District, USA

Any that the Indian Institutions are interested in

West Texas A & M University, USA

West Texas A&M University would be interested in partnership programs in the Bachelor of Business Administration, and the Master of Business Administration programs (each with emphases in management, marketing, accounting, computer information systems, economics, and finance), and the Master of Education program (with degrees in curriculum and instruction, educational leadership, educational reform, reading and literacy, educational diagnostics, the education of children with disabilities, counseling, and instructional design and technology)

West Virginia University, USA

Visual Arts, Music Areas, Design

Widener University School of Law, USA

Widener University School of Law is looking to develop Joint legal programs for our students and the students of our partner institutions including: Joint Programs – LLB/LLM JD/LLM, summer program in American Corporate Law (held in Wilmington De).

WVU Institute of Technology, USA

WVU Tech would like to explore Partnership Programs with preparatory education in the fields of Accounting, Business Management, Chemical Engineering, Civil Engineering, Computer Engineering, Electrical Engineering, Mechanical Engineering, Electronic Engineering Technology, Engineering Technology (Civil, Environmental, and Mechanical Emphases).

Youngstown State University, USA

Yes. Engineering, Natural Sciences, Fine and Performing Arts, Social Sciences, Education
