

TWINNING / TRANSFER PROGRAMS

Twining / Transfer programs allow Indian institutions to offer graduate and post-graduate programs which will have their regular curricula. The existing curricula may be supplemented by additional curricula of the foreign universities if desired by Indian institutions. Through twinning / transfer programs, Indian students will be able to earn several credits during the course of their normal study in Indian institutions. Students will have the opportunity either to complete their studies in India or to transfer their credits to the foreign universities at any time after completing at least one year of their studies in Indian institutions. Students, who opt for transfer, can then finish their degree programs by completing the remainder of credits in residence at the foreign universities.

Twining / Transfer programs are "win-win" situations for all concerned parties. The foreign universities will receive well-prepared students who have been instructed entirely in English and are ready to begin their major sequences. Indian institutions are strengthened by access to the latest in foreign curricular developments. Foreign-bound Indian students save substantial cost of studying abroad. Further, students will have wide range of subjects to choose from in the foreign universities, apart from the opportunity to learn in two different cultural environments, and thus becoming well-rounded learners.

Under twinning / transfer programs, students who complete at least one year of graduate program (10+2+1) in Indian institutions will be eligible for admission as transfer students to graduate programs in the foreign universities. Students who complete second year (10+2+2) or third year (10+2+3) of graduate program may also transfer to graduate programs in the foreign universities and complete the remainder of the program. TOEFL and SAT will be required for admission to the foreign universities. Students who complete the first year of post-graduate program in Indian institutions will be eligible for admission to post-graduate degree programs of the foreign universities. TOEFL / IELTS and GRE / GMAT will be required for admission to post-graduate programs in foreign universities. The number of credits to be waived for students admitted on transfer basis will be at the discretion of the foreign universities. In case, any foreign university does not have its own credential evaluation mechanism, the credential evaluation report of World Educational Services (WES), New York, will form the basis for waiver of credits.

Students enrolling in the graduate and post-graduate programs in the foreign universities will be given degrees and diplomas by the foreign universities after successful completion of study. Transfer students will be charged the prevailing tuition by the foreign universities. Students who do not plan to go to the foreign universities and students who have been unable to get foreign visas will complete their program of study in India, would be awarded Indian degrees and diplomas by the Indian institutions concerned.

For twinning / transfer programs, the Indian institutions may invite visiting faculty of the foreign universities. In such cases, Indian institutions will bear expenditure towards travel, room and board of visiting foreign universities.

Given below are the details of foreign universities which are interested in Twining / Transfer programs in Collaboration with well-established Indian institutions. The text used is that of the concerned Universities.

Academy 3, Australia

At present the certificates we provided gives a unit credit when enrolled at University of Tasmania, Australia similarly our certificates can be given credit at other Australian Institutions.

Altai Academy of Economics and Law, Russia

Computing and Informational Technologies, Management, Economics, Jurisprudence

American University in the Emirates, UAE

Yes as mentioned in the previous question on research collaborations.

Arkansas Tech University, USA

Undergraduate: Hospitality Administration, Business: Management and Marketing, Emergency Management, Engineering: Electrical & Mechanical, Health Information Management

Association of Vermont Independent Colleges (AVIC), USA

AVIC would like to learn more about the possibilities, including programs that serve students with learning disabilities, so that we may share this information with our members.

Aston University, UK

Yes we are interested in pursuing collaborations with reputable Indian Institutions for twinning & transfer programmes as follows: Audiology, Biological Sciences, Biomedical Science, Optometry, Pharmacy and Psychology

Bangkok University, Thailand

Yes, undergraduate program in international tourism management, marketing and entrepreneurship.

Bangor University, UK

BA /B.Sc Business / Finance / Banking. B.Eng Electronic Engineering, B.Sc Computer Science / Computer Systems Engineering, and BA Psychology.

Baylor University, USA

Interested in transferring credits from Indian institutions to our undergraduate programs.

Bowling Green State University, USA

We are interested in developing a relationship with our graduate programs. We offer masters in Economics, Applied Statistics, Accountancy, & Business Administration.

Would like to explore Computer Science and other graduate / undergraduate degree programs in the 2+2, 2+3, transfer and other models. Also, in Arts, Humanities, Education and Teacher Training, Food and Nutrition, Sport, Tourism and Recreation etc.

California State University San Marcos, USA

Computer Science, Business, Biology, Biotechnology, Nursing, Physics, Chemistry, Media, Criminology, Environment Studies.

Carleton University, Canada

Already have quite a few. Might add an IIT in engineering.

Champlain College, USA

Yes. All undergraduate areas in Business, Communication and Creative Media, Information Technology and Education and Human Studies

Business; Computer Science; Innovation Computer Networking and Information Security.

Cherkasy State Technological University, Ukraine

Yes. We are interested in collaborating with reputed Indian institutions for setting up twinning / transfer programs. At present moment we are working out a common Bachelor Degree Program with Canada, for our students to get a double diploma.

Clarkson University, New York

Exploring such possibilities is of interest but we have no specific target programs for this.

Clayton State University, USA

Yes, Business, Biology, Math, Psychology, and Education.

College of Mount Saint Vincent, USA

We are interested in establishing collaborations so that a portion of our graduate degree could be completed in India, the remainder in New York City.

Colorado Heights University, USA

Yes, we are interested in BA & MBA programs twinning in International Business

Colorado State University-Global Campus, USA

Accounting, Business Management, International Management Healthcare Management, Information Technology, Criminal Justice, & Organizational Leadership

Concord University, USA

Yes, Social Sciences, Humanities, Science, Education, Business, Technology, and Fine Arts.

Concordia University, Canada

All areas of Engineering and Computer Science, Selected areas in Arts, Sciences, Fine Arts, Business.

Cottey College, USA

Business, English, Environmental Studies, International Relations, International Business, Psychology

CQ University, Australia

Undergraduate and Postgraduate Business, Tourism, Hospitality Management, MBA
Bachelor of Engineering (Civil), Bachelor of Engineering (Mechanical), Bachelor of Engineering (Electrical)

Curtin University, Australia

Bachelors and Masters Programmes in Accounting

D'Youville College, USA

We have been successful in Canada, Georgia and Hungary using a 3+2 model. The basic model is, Student would complete their Bachelor's Degree in India, then attend D'Youville entering the 4th year of one of our BS/MS Programs. After 2 years of study at NYC, Students will have earned a Bachelor's/Master's and eligible to apply for employment in the US for one year, The Majors of Interest are International Business / Accounting / Information Technology. Other Transfer Programs are available in Liberal Arts, Biology, Mathematics, and Education.

Digipen Institute of Technology, Singapore

Master of Science in Computer Science
Master of Fine Arts in Digital Arts

Eastern University, USA

Bachelor Degrees - All majors.

Eastern Washington University, USA

Economic & Social Sciences, Engineering & Physical Sciences, Science & Technology.

Edith Cowan University, Australia

B Bus, MBAI, B Communications, M Communications, B Information Technology/ Computer Science, Master Information Technology, B Health Science, B Nursing, B Sc (Sports Science), B. Sc (Environmental Science), & Creative Arts (Film & Video).

Emporia State University, USA

We would like to explore possibilities of collaboration in Business Management and Computer Science.

ESIGELEC College of Engineering, France

We are interested in twinning and transfer programmes at a Graduate level but since only one representative is going to participate in the event, we would appreciate the opportunity to meet with potential partners though our prime focus will be student recruitment.

Farmingdale State College, SUNY, USA

Applied Engineering Technologies, Computer Programming and Information Systems, Business Management

FATEB - College of Telêmaco Borba, Brazil

For twinning and transfer programs we can evaluate programs in IT, Engineering and calculus, besides studies in Portuguese and English.

Fayetteville State University, USA

Fayetteville State University is interested in possible collaborations on programs in Geography, Sociology, Computer Science, Mathematics, Education, and Management.

Florida Atlantic University, USA

Would like to find out about these programs to determine how we may contribute.

Full Sail University, USA

Computer Animation, Creative Writing, Digital Art & Design, Entertainment Business, Film, Game Art, Game Development, Music Business, Recording Arts, Show Production, Sports Marketing & Media, Web Design & Development, Recording Engineering, Internet Marketing

Governors State University, USA

BS chemistry, BS Computer Science, BS Biology, MS Computer Science, MS Analytical Chemistry, MS Environmental Biology

Yes: Analytical Chemistry (grad); Computer Science (grad & undergrad), Mathematics (Grad); Independent Film and Digital Imaging (grad), Information Technology (undergrad)

Harisson College, USA

Yes, we are interested in Joint and Dual Degree Programs in all of our fields of study especially interested in Business and Information Technology ties.

Idaho State University, USA

Yes, Business, Education, Performing Arts, Engineering, Science, Health Sciences, and Technology programs.

Indiana University-Purdue University, Indianapolis, USA

We are interested in exploring the opportunity to collaborate with reputed Indian institutions for setting up twinning/ transfer programs.

Institute of Development and Technology Management, Ghana

Graduate Programs in: Community Development, Law and Development.

Institute of Management Technology, UAE

Bachelors of Science in Business Administration and Masters in Business Administration accredited by the Ministry of Higher Education, UAE.

Interdisciplinary Center Herzliya, Israel

Computer Science, Communications, Law, Government, Psychology, Business, Economics, & sustainability.

International Business School, Netherlands

BBA degree programmes, international management, Trade Management, Asia and International Business & Management Studies.

International University of Business, Agriculture & Technology, Bangladesh

Yes. BBA, MBA, BCSE, BSEEE, BSME, BSCE, BSN, BSAG.

John Carroll University, USA

- Exchange relations
- Joint Degree programs at all levels + in all fields we offer.

Kansas City Art Institute, USA

We are interested in forming BFA articulation agreements with Indian institutions where, with an agreement of prior work, students could then transfer into our institution at an agreed upon level of study

in the undergraduate fields of Animation, Art History, Ceramics, Creative Writing, Digital Filmmaking, Digital Media, Fiber, Graphic Design, Illustration, Painting, Photography, Printmaking, Sculpture.

Keele University, UK

Medical Education (MMedEd)

Kent State University, USA

Yes. We would like to first establish contacts in India and then decide on what would be mutually beneficial.

King Mongkut's University of Technology Thonburi, Thailand

We are interested in welcoming Indian students to KMUTT Faculty of Engineering in 2+2 programs, ie. Indian students complete their 3rd and 4th years in Thailand. Computer Engineering department has an existing international program and is ready to form a partnership program.

Klaipeda Business School, Lithuania

Business Management, International Business, and Tourism.

Kwantlen Polytechnic University, Canada

IT, Network Administration and Security: Mobile and Web Application Development.

Liverpool John Moores University, UK

All areas considered.

Longwood University, USA

We are willing to discuss Twining / Transfer programs with a unity of undergraduate programs and our MBA.

Macquarie University, Australia

PhD Co-tutelle programs and jointly badged degrees. Masters degrees in Engineering and Technology.

McNally Smith College of Music, USA

We are interested in exploring the possibility of twinning and transfer programs in contemporary Music Performance, Recording Technology, Music Composition, and Music Business.

Mehmet Akif Ersoy University, Turkey

Teacher Education, Veterinary Medicine, Business and Economy, Arts and Science, Nursing, Fine Arts

Missouri University of Science & Technology, USA

Interested in 2+2 BS programs (Engineering or Science)

Interested in 2+3 integrated BS+MS programs in Engineering and Science disciplines

Misurata University, Libya

Yes, Twining program could be in Msc students in several fields such as biology and chemistry, which can be discussed with people during the meeting.

Monash University, Australia

Monash is interested in setting up articulation arrangements where a UG student completes two years in India followed by 2 years in Australia.

Montana State University Billings, USA

Montana State University Billings is primarily interested in working collaboratively with other international Colleges and Universities to develop joint degree completion programs in areas of Business, Arts & Sciences, Education, Technology, and Allied Health Professions. Programs can be developed in a variety of academic disciplines from our 150 different degree programs which are outlined on our website at: <http://www.msubillings.edu/future/degrees.asp> and can include twinning & transfer partnerships such as 2+1 programs for Diploma to Associate's Degree completion, 1+3, 2+2, and 3+1 programs for Bachelors Degree completion, 3+1+1.5 programs for Diploma to Bachelors to Masters degree completion, and other similar types of degree completion collaborations. Additionally, we are interested in developing and hosting short-term education travel-study programs for groups (high school, college students, teachers, professionals, etc.) seeking a short term educational experience, ESL immersion, or other professional development experience hosted in our beautiful state of Montana.

Montana State University Billings would be interested in possibly developing twinning and transfer programs in collaboration with any of its undergraduate programs but particularly in Computer Science, Environmental Science, Environmental Studies, Business, Geographic Information Systems, Finance, Management, or Marketing. Montana State University Billings would be interested in developing twinning and transfer programs in collaboration with any of its graduate programs but particularly Health Administration.

Mount Royal University, Canada

Undergraduate programs: Business; Environmental Studies, Journalism / Public Relations.

Mount Saint Vincent University, Canada

Yes, range of possible program areas are given below

National Aviation University, Ukraine

National Aviation University has a great experience in the exchange of students and teaching staff as we have established close partnership relations with many educational and research institutions throughout

the world. At this moment the University provides its students with the opportunity to participate in the following programs:

- Fulbright
- Muskie
- DAAD
- Tempus
- Visegradfund
- Copernic

National Open and Distance University (UNAD), Colombia

Professionals: Agriculture Business Administration 1 2 3 4 Social Communication Philosophy 5 6 7 Agro forestry Engineering Engineering Engineering Environment Food from 2010 Aug. 9 Systems Engineering, Telecommunication Engineering, Electrical Engineering, October 11 12 Bachelor Degree in Industrial Engineering in 13 etnoeducación etnoeducación (New resolution curriculum 2011) 14 Bachelor of Philosophy (pre 2010) 15 Bachelor of Philosophy (New resolution curriculum 2011) 16 Bachelor of Psychology EFL Zootecnia 17 18 Chemistry 19

New Mexico State University, USA

Yes, interested in joint or transfer undergraduate and graduate degree programs (2+2) or (3+X) in Agricultural Sciences, Engineering, Natural Sciences, Social Sciences, Business, Health and Education.

Yes in multiple disciplines mentioned above

Ningbo University, China

Marine Culture, Civil engineering, Chinese History, Management, Medical sciences, Life Sciences, & Law.

Northern Arizona University, USA

Yes—at the undergraduate, masters and doctoral levels. Science (biology), social sciences, applied linguistics, MA/TESL, arts and humanities, business and engineering, hotel and restaurant management

Northwest College, USA

Yes. Sociology and Anthropology

North-West University, Vaal Triangle Campus, South Africa

Yes. Mobile, Gaming, ICT and Open Source developments.

Northwestern College and Media, USA

Again, yes but the opportunities will have to be evaluated on a case-by-case basis.

Novosibirsk State University, Russia

We are interested in collaborating with reputed Indian institutions for offering twinning/ transfer programs within the framework of Master, postgraduate, and doctorate studies in the following areas:

Information technologies

Medical sciences

Chemistry

Relevant interdisciplinary projects

Oakland University, USA

Undergrad programs in CS, IT, ME, EE, CE, and ISE

Open University, Libya

Undergraduate E learning for engineering area

Oregon State University, USA

Possible – general natural resources and environmental management.

Pacific Graduate School of Psychology, USA

Certificate in Forensics and Correctional Psychology, Certificate in Neuropsychology

Pantheon Institute, Italy

Masters Degree programs in Architecture, Specifically – Architecture for Archeological sites, Historically Significant & Cultural Heritage sites.

Pontifica Univeridad Javeniana Cali, Colombia

We would like to explore possibility to develop engineering (Industrial, Computer Sciences, Electronics, and Civil), administration and architecture undergraduate dual degree programs and/or post baccalaureate certificates. Other areas of interesting are logistic, international business and MBAs.

Pontifical Catholic University of Rio De Janeiro, Brazil

As mentioned in item 1, we would like to establish Dual Degree programs: these programs require transfer of credits both ways. Such programs would be most popular among Engineering students in my university.

Pontifical Catholic University of Rio De Janeiro, Brazil

As mentioned in item 1, PUC-Rio would like to establish Dual Degree Programs: these programs require transfer of credits both ways. Such programs would be most popular among Engineering students in my university.

Queen's University, Canada

Our primary interest is in arranging a twinning/transfer program with reputed Indian universities, in the field of Electrical and Computer Engineering. We are especially interested in offering a joint undergraduate program in Electrical and Computer Engineering, although we are also interested in doing so with Mining Engineering. Our existing programs at Queen's are highly regarded, and Queen's is one of the top teaching and research universities in Canada. Our bachelor's students graduate with a B.A.Sc. in engineering. All of our engineering programs are all CEAB (Canadian Engineering Accreditation Board) approved, and all of our graduating students are eligible for P.Eng. (Professional Engineering) status.

Roosevelt University, USA

Bachelor's degrees: 2+2 or 3+1 articulation agreements for economics, computer science, math, hospitality and tourism management majors.

Sabaragamuwa University, Sri Lanka

Possible. After thoroughly studying the programme. This matter is to be discussed.

Saint Louis University, USA

Business and Engineering

Saint Mary's University of Minnesota, USA

YES, MS in Project Management, Master of Business Administration, MA in International Business, MA in Health and Human Services, MA in Information Technology Management, MA in Organizational Leadership, MA in Human Resource Management, MS in Geographic Information Science, and various Bachelor Completion programs.

Saint-Petersburg State University of Telecommunications, Russia

Subject to discussion.

Samford University, USA

Yes – Liberal Arts, Under graduate.

Saxion University of Applied Sciences, Netherlands

This has yet to be developed, we are certainly interested in this aspect. (please refer to our website WWW.SAXION.EDU for further details on programs).

Shanghai Jiao Tong University, China

Master Degree for Computer Applications, for Example, Digital Media Technology

Southern Illinois University, USA

In principle, we are interested in Twining

Southern Illinois University-Carbondale, USA

The possibilities need to be explored - possibly Undergraduate and Graduate Business degrees, Baccalaureate completion program, Joint M.S. programs with IT.

Southern University and A&M College, USA

Undergraduate: Civil, Electrical and Mechanical Engineering programs, Electronics Engineering Technology, program, and Computer Science program., Graduate: Master of Engineering in CE, ME, EE. Master of Computer Science.

State University of Medicine and Pharmacy, Moldova

- Develop study modules, courses and programs that lead to a reciprocal recognition of the levels/steps
- Support the mobility of students and teaching staff
- Support the organization of the lifelong learning process
- Partnership in developing projects.

Stella Maris Polytechnic, Liberia

Information Technology, Electrical and Electronic Engineering, Agriculture and Environmental Science

Stevens Institute of Technology, USA

Yes for all programs 4+1 for Master's programs.

Sultan Agung Islamic University, Indonesia

Yes, IT and Literature

Temple University, USA

We already have such collaboration with other universities in the Middle East in which people can take part of their degree programs in their home country and the remainder in the USA. We would like to explore such possibilities.

Tennessee State University, USA

Yes, Agriculture, Business, Sciences, Engineering

The Pantheon Institute, Italy

Professional Architectural Education at the University level, Archeology and the Management of Cultural Heritage Sites, Art History and Architectural History.

The University of Findlay, USA

Yes – All programs

The University of Montana, USA

UM is particularly interested in developing 2 +2 Twinning Programs for Indian students to begin their undergraduate career at their home institution and complete it at UM. Likewise, UM is also interested in establishing programs for its students to study at a partner institution for a semester or year then return to complete their degree at UM

The University of North Carolina at Chapel Hill, USA

Possibly: Undergraduate Business Program (Bachelor of Science in Business Administration).

Tilburg University, Netherlands

Yes, Master's programs in Communication and Information Sciences & Management of Cultural Diversity.

Tung Wah College, Hong Kong

YES, to articulate our undergraduate with majors in Clinical Science, Forensic Science and Veterinary Health Studies to other professional programmes such as Medical, Dental, Veterinary Medicine and Chiropractry.

Universidad Europea De Madrid, Spain

Yes (Social Sciences, Architecture, Engineering, Sports, Arts & Communications, Health and Biomedics).

Universite Catholique De Lille, France

Engineering, Business & Management

Universiti Sains Islam Malaysia, Malaysia

Undergraduate: Bachelor of Muamalat Administration; Bachelor of Science (Information Security and Assurance).

Postgraduate: Master of Muamalat, Master of Arabic Communication

University for Peace, Costa Rica

Yes, UPEACE is looking for partners that would like to have this kind of programmes with its current MA's.

University of Alaska Fair Banks, USA

University of Alaska Fairbanks is interested in developing twinning/transfer programs with accredited institutions in India in the areas of engineering (Petroleum, Mining, Geological, Mechanical, Civil, Electrical and Computer Engineering) and business administration

University of Baltimore, USA

Yes – Law of the United States (LLM)

Yes – Management and Global Business Leadership (MBA)

Yes – Simulation and Game Design (BS, MS, DSC)

University of Business and International Studies, Switzerland

Bridge MBA for liberal arts Major (MBA), EMBA, Dual Master of Business Administration MBA, MBA – IR

University of Cape Town, South Africa

I'd like to explore the possibilities; I can speak on behalf of the undergraduate Chemical Engineering academic programme at the University of Cape Town.

University of Central Arkansas, USA

PROGRAMS OF STUDY for TWINNING AND COLLABORATION PROGRAMS

COLLEGE OF BUSINESS ADMINISTRATION

Business Administration-BBA, MBA (MBA for International Students with twinning)

Accounting-BBA, MAcc

Economics, International Trade Emphasis-BA, BBA

Finance-BBA

Innovation and Entrepreneurship-BBA

Management Information System-BBA

- Application Development
- Telecommunications and Computer Networking
- Business Analysis

Insurance and Risk Management-BBA

- Personal Financial Planning
- Minor in Actuarial Studies

COLLEGE OF FINE ARTS AND
COMMUNICATION

Digital Filmmaking-minor, BA, BS, MFA
Art, BA

- Art Education, Art History, Fine Arts

Theatre-BA, BS

- Music-BA (non-performance)
- Music-minor, BM
- Music Education-Piano
- Music Education-Vocal
- Composition
- Performance, Instrumental
- Performance, Piano
- Performance, Vocal

Music-GC, MM

- Performance
- Music Theory
- Conducting (Instrumental Choral)
- Music Education

Creative Writing-BA, MFA

Studio Art, BFA

- Ceramics
- Graphic Design
- Painting
- Photography
- Printmaking
- Sculpture

Public Relations-BA, BS

Journalism-BA, BS

- Broadcast Journalism
- Online Journalism
- Print Journalism
- Mass Communication Research

Linguistics-BA

COLLEGE OF NATURAL SCIENCES AND
MATHEMATICS

Biology-BS, MS

Chemistry-BS

- ACS Certified: Standard, Biochemistry
- Non-ACS Certified

Computer Science, Applied Computing-BS, MS,
BS/MS (five-year program)

Mathematics

- Mathematics=BA, BS
- Applied Mathematics-MS
- Education-BSE, ME

Mathematics Education-BSE

Statistics-minor

Physics-BS

- Applied Physics Track
- Biological Physical Track
- Chemical Physical Track
- Mathematical Physical Track
- Physical Science Track
- Physical Track

COLLEGE OF HEALTH AND BEHAVIOR
SCIENCES

Medical Technology-BS

Nuclear Medicine Technology-BS

Nutrition-BS

Occupational Therapy-MS

Physical Therapy-DPT, PhD

Psychology-BA, BS

School of Psychology-MS, PMC, PhD

Community Counseling-MS

Counseling Psychology-MS, doctoral
concentration

Addiction Studies-BS

Treatment and Prevention

Athletic Training-BS

Health Sciences

- Pre-Physical Therapy, Gerontology, Health Services Administration

Interior Design-BA, BS

Kinesiology-BS, MS

Kinesiology & Physical Education-BSE

COLLEGE OF LIBERAL ARTS

International Studies-BA

Regional Studies

International Policies & Diplomacy

International Political Economy & Development

Geography-BA, BS

Geospatial technology

Geographic Information System-GC, MGIS

English-BA, MA

Modern Language-BA, MA

French-BA

Spanish-BA, MA

Chinese-minor

Political Science-BA, BS

Public Administration-BS

Religious Studies-BA

History-BA, BS, MA

Social Studies, History Emphasis-BSE

Sociology-BA, BS

Criminology, General Sociology

COLLEGE OF EDUCATION

Advanced Studies in Teacher Leadership-MSE

College Student Personnel Services and

Administration-MS

Educational Leadership-Eds

Instructional Technology-GC, MS

Distance Education

University of Ibadan, Nigeria

In the area of Science and Technology

University of Lagos, Nigeria

Yes. Master's Programs

Technical Support

Media Design and Development

Master of Arts in Teaching-MAT

School Leadership, Management and Administration

INTERDISCIPLINARY PROGRAMS

African-African / American Studies-BA

Environmental Science-BS

Biology

Chemistry

Planning and Administration

Interdisciplinary Liberal Studies-BA

Leadership Studies-PhD

Pre-Engineering

Pre-Law

Pre-Medicine

Biology

Chemistry

Pre-Optometry

Pre-Pharmacy

Pre-Veterinary Medicine

INTENSIVE ENGLISH PROGRAM

Reading, Writing, Speaking, Listening
(integrated approach, level 1-5)

Accent Modification

American Culture

University of Muhammadiyah Jakarta, Indonesia

1. Islamic Economy
2. Islamic Studies
3. School of Medicine
4. Nursing

University of Nottingham, UK

I am interested in learning more about this.

University of Oregon, USA

The University of Oregon is interested in establishing relationships with similar institutions in India to explore the possibility of developing twinning and/or transfer programs.

University of Rochester, USA

The University has a new partnership with the Shanghai University of Finance and Economics for a specific number of guaranteed undergraduate transfer students each year. We would be interested in establishing similar partnerships with Indian institutions.

University of Southern California, USA

Master of Arts in Teaching, MAT; Masters of School Leadership, MA; Doctor of Education, EdD; PhD in Education

University of Utah, USA

Masters

University of Uyo, Nigeria

Engineering, Agriculture, Pharmacy and Medicine

University of Wisconsin, La Crosse, USA

We would be interested in transfer programs within any of the programs that we do offer.

University of Wyoming, USA

Yes. I would like to discuss opportunities for Twinning and Transfer programs with potential partners in India. Likely fields for collaboration include engineering, computer science and American studies.

West Texas A & M University, USA

West Texas A&M University would be interested in twinning and transfer programs in any degree program we offer, but particularly in agriculture and business.

West Virginia University, USA

Ceramics, Graphic Design, Sculpture, Painting, All Music Areas, Theatrical Design Technology

WVU Institute of Technology, USA

WVU Tech is very interested in enhancing the internationalization of its campus and so would like to explore partnerships for Transfer Programs in the highly marketable fields of Accounting, Business Management, Chemical Engineering, Civil Engineering, Computer Engineering, Electrical Engineering, Mechanical Engineering, Electronic Engineering Technology, Engineering Technology (Civil, Environmental, and Mechanical Emphases).

Yalova University, Turkey

Yes. International Relations, Business Management, Engineering Programs.

Youngstown State University, USA

YES. Engineering, Natural Sciences, Fine and Performing Arts, Social Sciences, Education, Health and Human Services.
