TWINNING / TRANSFER PROGRAMS

Twinning / Transfer programs allow Indian institutions to offer graduate and postgraduate programs which will have their regular curricula. The existing curricula may be supplemented by additional curricula of the foreign universities if desired by Indian institutions. Through twinning / transfer programs, Indian students will be able to earn several credits during the course of their normal study in Indian institutions. Students will have the opportunity either to complete their studies in India or to transfer their credits to the foreign universities at any time after completing at least one year of their studies in Indian institutions. Students, who opt for transfer, can then finish their degree programs by completing the remainder of credits in residence at the Foreign universities.

Twinning / Transfer programs are "win-win" situations for all concerned parties. The Foreign universities will receive well-prepared students who have been instructed entirely in English and are ready to begin their major sequences. Indian institutions are strengthened by access to the latest in Foreign curricular developments. Foreign bound Indian students save substantial cost of studying abroad. Further, students will have wide range of subjects to choose from in the foreign universities, apart from the opportunity to learn in two different cultural environments, and thus becoming well rounded learners.

Under twinning / transfer programs, students who complete at least one year of graduate program (10+2+1) in Indian institutions will be eligible for admission as transfer students to graduate programs in the foreign universities. Students who complete second year (10+2+2) or third year (10+2+3) of graduate program may also transfer to graduate programs in the foreign universities and complete the remainder of the program. TOEFL and SAT will be required for admission to the foreign universities. Students who complete the first year of post-graduate program in Indian institutions will be eligible for admission to post-graduate degree programs of the foreign universities. TOEFL and GRE / GMAT will be required for admission to post-graduate programs in the foreign universities. The number of credits to be waived for students admitted on transfer basis will be at the discretion of the foreign universities. In case, any foreign university does not have its own credential evaluation mechanism, the credential evaluation report of World Educational Services (WES), New York, will form the basis for waiver of credits.

Students enrolling in the graduate and post-graduate programs in the foreign universities will be given degrees and diplomas by the Foreign universities after successful completion of study. Transfer students will be charged the prevailing tuition by the Foreign universities. Students who do not plan to go to the Foreign universities and students who have been unable to get Foreign visas will complete their program of study in India, would be awarded Indian degrees and diplomas by the Indian institutions concerned.

For twinning / transfer programs, the Indian institutions may invite visiting faculty of the foreign universities. In such cases, Indian institutions will bear expenditure towards travel, room and board of visiting foreign universities.

Given below are the details of Foreign Universities which are interested in Twinning / Transfer programs in Collaboration with well-established Indian institutions. The text used is that of the concerned Universities.

American Intercontinental University

Interested in covering ground work for articulation agreements with Indian institutions.
Baylor University
Interested in transferring credits from Indian institutions to our undergraduate programs.

Binus University
Accounting, Management, International Business, Computer Science, Computer Engineering and Information Systems, Industrial Engineering, Civil Engineering, among others.

Bowling Green State University
We are interested in developing a relationship with our graduate programs. We offer masters in Economics, Applied Statistics, Accountancy, & Business Administration.

British Institute of Technology & E-Commerce
B.A Innovative Business, & B. Sc Technology & E-Commerce

California State University – San Bernardino
We have active twinning/ transfer programs with several universities in the world, and receive about one thousand students every year as part of these arrangements. Our tuition fee is among the most affordable in the US, and our classes are highly international with students from around the world.

CAPE BRETON UNIVERSITY
Yes, Specific undergraduate programs would be from the school of Business and from Science & Technology.

Carleton University
Not at present.

Champlain College
Business; Computer Science; Innovation Computer Networking and Information Security.

College of Mount Saint Vincent
We are interested in establishing collaborations so that a portion of our graduate degrees (for example the MBA) could be completed in India, the remainder in NYC.

Eastern University
Bachelor Degrees - All majors.
Edith Cowan University
B Bus, MBA, B Communications, M Communications, B Information Technology/Computer Science, Master Information Technology, B Health Science, B Nursing, B Sc (Sports Science), B Sc (Environmental Science), & Creative Arts (Film & Video).

EDUARDO MONDLANE UNIVERSITY
Aquarie Biology, Biotecnology, Plant Ecopheriology
Yes: Informatics, His Information System, Software Engineering, Academic Management, Math’s Statistics, GIS

Emporia State University
We would like to explore possibilities of collaboration in Business Management and Computer Science.

FATEB - College of Telêmaco Borba
For twinning and transfer programs we can evaluate programs in IT, Engineering and calculus, besides studies in Portuguese and English.

Fayetteville State University
Fayetteville State University is interested in possible collaborations on programs in Geography, Sociology, Computer Science, Mathematics, Education, and Management.

Ferris State University
1. Engineering technology programs
2. Bachelors in Business, Arts
3. Health – care fields

Hogeschoolvan Amsterdam / HES International Business School
BBA degree programmes, international management, Trade Management, Asia and International Business & Management Studies.

Indiana University-Purdue University
We are interested in exploring the opportunity to collaborate with reputed Indian institutions for setting up twinning/transfer programs.

Interdisciplinary Center Herzliya
International University Of Business, Agriculture & Technology

Yes I am. BBA, MBA, BCSE, BSEEE, BSME, BSCE, BSN, BSAG.

Kansas City Art Institute

We are interested in forming BFA articulation agreements with Indian institutions where, with an agreement of prior work, students could then transfer into our institution at an agreed upon level of study in the undergraduate fields of Animation, Art History, Ceramics, Creative Writing, Digital Filmmaking, Digital Media, Fiber, Graphic Design, Illustration, Painting, Photography, Printmaking, Sculpture.

Kent State University

Yes. We would like to first establish contacts in India and then decide on what would be mutually beneficial.

King Mongkut’s University of Technology Thonburi

We are interested in welcoming Indian students to KMUTT Faculty of Engineering in 2+2 programs, i.e. Indian students complete their 3rd and 4th years in Thailand. Computer Engineering department has an existing international program and is ready to form a partnership program.

Liverpool John Moores University

All areas considered.

Macquarie University

PhD Co-teutelle programs and jointly badged degrees. Masters degrees in Engineering and Technology.
Master in International Communication
Master of Media Arts
Master of Recording Arts

Missouri University of Science and Technology

Interested in 2 + 2 BS programs (Engineering or Science)
Interested in 2 + 3 integrated BS + MS programs in Engineering and Science disciplines

Mount Royal University

Undergraduate programs: Business; Environmental Studies, Journalism / Public Relations.
New York Institute of Technology
Yes but limited.

Ningbo University
Marine Culture, Civil engineering, Chinese History, Management, Medical sciences, Life Sciences, & Law.

North-West University, Vaal Triangle Campus
Yes. Mobile, Gaming, ICT and Open Source developments.

Northwestern College and Media
Again, yes but the opportunities will have to be evaluated on a case-by-case basis

Oregon State University
Possible – general natural resources and environmental management.

Pantheon Institute
Masters Degree programs in Architecture, Specifically – Architecture for Archeological sites, Historically Significant & Cultural Heritage sites.

Pontifica Univeridad Javeniana Cali
We would like to explore possibility to develop engineering (Industrial, Computer Sciences, Electronics, and Civil), administration and architecture undergraduate dual degree programs and/or post baccalaureate certificates. Other areas of interesting are logistic, international business and MBAs.

Pontifical Catholic University Of Rio De Janeiro
As mentioned in item 1, we would like to establish Dual Degree programs: these programs require transfer of credits both ways. Such programs would be most popular among Engineering students in my university.

Queen’s University
Our primary interest is in arranging a twinning/transfer program with reputed Indian universities, in the field of Electrical and Computer Engineering. We are especially interested in offering a joint undergraduate program in Electrical and Computer Engineering, although we are also interested in doing so with Mining Engineering. Our existing programs at Queen’s are highly regarded, and Queen’s is one of the top teaching and research universities in Canada. Our bachelor’s students graduate with a B.A.Sc. in engineering. All of our engineering programs are all CEAB (Canadian Engineering Accreditation Board) approved, and all of our graduating students are eligible for P.Eng. (Professional Engineering) status.
SAXION UNIVERSITY OF APPLIED SCIENCES

This has yet to be developed, we are certainly interested in this aspect. (please refer to our website WWW.SAXION.EDU for further details on programs).

Siauliai University

Yes. Information about twinning / transfer programs we will announce later.

Solusi University

Yes.
Accounting, Agricultural Sciences, Arts, Biological Sciences, Business Administration/Management, Computer Science, Education, Food Science and Technology, Human Resources Management, Information Technology, Marketing, and Mathematics

SOUTHERN OREGON UNIVERSITY

Computer Science
Chemistry
Environmental Education
Biology
Performing Arts

State University of Medicine and Pharmacy

- Develop study modules, courses and programs that lead to a reciprocal recognition of the levels/steps.
- Support of the mobility of students and teaching staff.
- Support the organization of the lifelong learning process
- Partnership in developing projects

Stenden University

International Business and Management Studies (now The Netherlands / Qatar)
International Tourism Management (now The Netherlands / Qatar)
International Hotel Management (now The Netherlands / South Africa / Qatar / Thailand / Indonesia)

TCS EDUCATION SYSTEM

The Chicago school of Professional Psychology (an affiliate of the TCS Education System) currently offers student Exchange programs that allow international students to study on a short-term basis in the United States. To date the TCS ES schools have not developed twinning or transfer programs, but is open to discussion potential for developing exchange between partner universities in India.

The Kingdom University

Yes, Business, Marketing, Finance, Banking, Accounting, and Architecture.
Trinity Western University

Twinning with undergraduate business programs connecting to our MBA program, possibly also undergraduate science majors.

Universidad Privada Boliviana

Export oriented MBA for medium and small enterprises
MBA for family owned business.

UNIVERSIDADE ESTADUAL PAULISTA

Engineering and Technology courses.

University College of Plymouth St. Mark & St. John

We are open to options in any of our academic areas which are: Leadership and Management, Sports Development and Coaching, Health Sciences, Media and Creative Arts, English, Education and Teacher Training.

University of Applied Management

Undergraduate (Bachelor): Business Administration, Business Psychology, Sport/Event/Tourism/Adventure Management, Business Law, Media Management, Business Engineering, Public Management, and Intercultural Management

University of Manitoba

B.A., B.Sc. etc.

University of Michigan

It is unlikely at this time that the UM School of Art & Design would set up a twinning/transfer program.

University of Minnesota

Yes. We would be interested in 1+3 and/or 2+2 programs for a Bachelor of Arts degree in the sciences, humanities and fine arts, and social sciences (including management/business). Our Bachelor of Arts degree qualifies graduates to enter into a variety of professional programs (medical school, pharmacy school, law school, etc.) and graduate programs in all fields (including the sciences). See the attached listing of degree programs and majors.
University of Northern British Columbia

* The Environment
* Health, particularly rural and community health
* Indigenous Peoples
* Energy and Sustainability

University of Science & Technology Chittagong

1. DIPLOMA IN FAMILY MEDICINE
2. MD IN FAMILY MEDICINE
3. DIPLOMA IN BLOOD TRANSFUSION
4. DIPLOMA IN MEDICAL ULTRASOUND AND DIAGNOSTICS

University of the East

Yes. Undergraduate: BSBA (Business Management, Management Accounting); B.S. in Computer Science.
Graduate: MBA, MPA

University of Toronto

Yes, especially transfer programs. UTM currently has considerable international enrolment in our commerce, business, and management programs but would be interested in attracting transfer students in other areas, including environment and the sciences.

University of Wisconsin-Stout

Undergraduate transfer program.

Ural State University of Railway Transport

We are interested in twinning/transfer programs. The list of the programs should be named and coordinated.
